Beginnings in Genesis

MORE THAN ENOUGH EVIDENCE

**OUGH
ENCE**

To say that this world and the universe came about by chance is like finding a watch in the desert and declaring that the parts of the watch came into existence by chance, then came together by chance, and finally by chance they began keeping time. That is not logical! There had to be ability (power) and intelligence to make the watch.

Like the universe with its magnitude, details, size, variety of designs, order, harmonious functions, and precision—all reveal that there had to be a Designer, a **Creator** with infinite intelligence and power.

Genesis 1:1

**In the beginning
God created
the heaven
and the earth.**

Key Verse

Genesis 1:1

ARE YOU WAITING TO BE STRUCK?

Dwight L. Moody, a famous preacher, once said, "I prayed for faith, and thought that some day faith would come down and **strike me like lightning**. But faith did not seem to come. One day I read in Romans, *'So then faith cometh by hearing, and hearing by the word of God.'* I had closed my Bible and prayed for faith. Now, I opened my Bible and began to study, and **faith has been growing ever since.**"

The "hand of God" mentioned in Scripture is seen through eyes of faith. This week in your reading, look for **evidences of God in His Word and His creation, rewards of living by faith, and results of unbelief.**
